THE CREATIVE CHILD

BRING OUT THE CREATIVE POTENTIAL IN YOUR CHILD

Series One. The creative drawer.

Every child loves to draw but most are not reaching their full potential. In this DVD they will learn that although it helps to have some rules, creative drawing has no boundaries. Suited for all children over the age of 5.

Series One. The creative imagination.

In this fun filled DVD, your child will learn how to enjoy spending time alone. Learn how to build exciting new toys from basic house hold things. TV and video games will be a thing of the past. A new world awaits.

Series One. The creative scientist.

In this fascinating DVD, your child will learn how to solve problems in creative ways. Be introduced to chemistry and physics using simple science experiments. We also show how creative thinking can be used to solve many different problems. Help prepare your child for problem solving in the future.
