

THE CAR SHOW

Attracting an average of 400,000 viewers each week around Australia on the National Nine Network and affiliated regional networks, The Car Show is unique to Australian Television. Hosted by Glenn Ridge, Steven Jacobs and Bridget McIntyre, The Car Show is a 30 min program looking at people's passion for cars – old and new - as well as road testing the latest release vehicles from local and international car manufacturers.

The Car Show is an informative motoring-lifestyle 'hybrid' format, with a user-friendly approach to reporting on all motoring aspects. From coddled classics to sporty specials, scenic drives, restoration projects, manufacturer profiles, test drives and automobile technology – all roads are travelled on The Car Show.

THE BOAT SHOW

Due to the success of The Car Show, Q Media Group created a similar program for the summer break in 2003/2004, but this time featuring boats instead of cars. The Boat Show was launched on the Nine Network in 2003.

In series one, Glenn Ridge, Steven Jacobs and Grace McClure board boats of all shapes and sizes from 14-foot tinnies to 30 million dollar luxury yachts.

Not limited to just boats, The Boat Show brings you up to speed with all the latest gadgets and boating tips, as well as visiting some breathtaking locations both in Australia and abroad.
